# **General Setup Instructions**

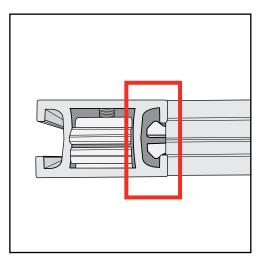

- Read entire setup instruction manual prior to unpacking parts and pieces.
- The setup instructions are created specifically for this configuration.
- Setup instructions are laid out sequentially in steps, including exploded views with detailed explanation for assembly.

## Cleaning & Packing

- For Cleaning Metal, Plex, & Laminate Parts:
   Use a MILD NON-ABRASIVE cleanser and soft cloth/paper towel to clean all surfaces.
- Keep exhibit components away from heat and prolonged sun exposure.
   Heat and UV exposure will warp and fade components.
- Retain all provided Packing Materials.
   All provided packing materials are for ease of repacking & component protection.

Part Identification - Numbering

**Engaged Lock** 

# Disassembly

- For loss prevention, keep all knobs & connectors attached to extrusions during disassembly.

DO NOT USE POWER TOOLS

ALL CONNECTIONS MUST BE TIGHTLY SECURED

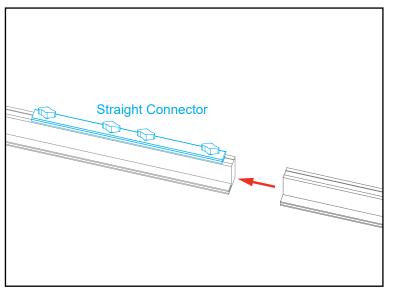

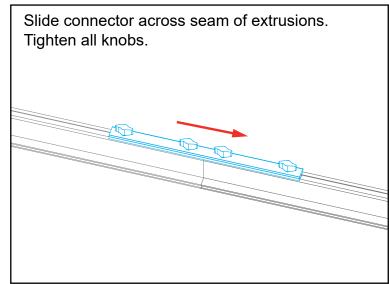

#### **Tool-less Frame Assembly**

# **Straight Connection**

When assembling frame, first attach all straight connectors, then attach corner connectors.

- 1) Place extrusions end-to-end.
- 2) Loosen all knobs, then slide straight connector across the seam of extrusions.
- 3) Tighten all knobs to secure connection.

All knobs must be tightened securely to ensure a proper connection.

## Disassembly

- 1) Loosen all knobs.
- 2) Slide connectors off of one extrusion.
- 3) Tighten knobs to prevent loss during packing & shipping.

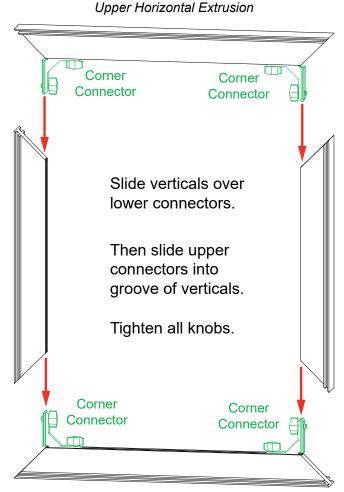

Keep straight connectors in groove of extrusion. Do not remove connectors during disassembly.

## **Corner Connection**

- 1) Loosen knobs, then slide vertical extrusions onto corner connectors of **lower** horizontal extrusion.
- 2) Slide corner connectors of **upper** horizontal extrusion into grooves of vertical extrusions.
- 3) Tighten all knobs to secure connection.

## Disassembly

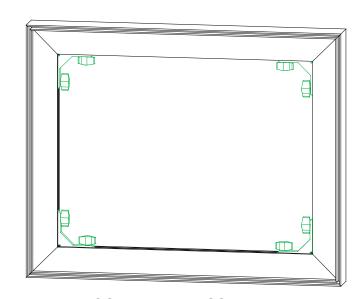

- 1) Loosen knobs on vertical extrusions.
- 2) Slide the vertical extrusions off of corner connectors on lower and upper horizontal extrusions.

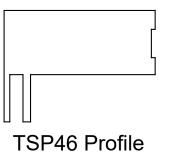

Lower Horizontal Extrusion

Adjust connectors if necessary to prevent gaps in connection.

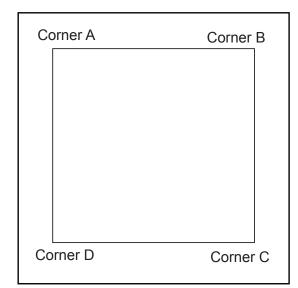

**COMPLETED ASSEMBLY** 

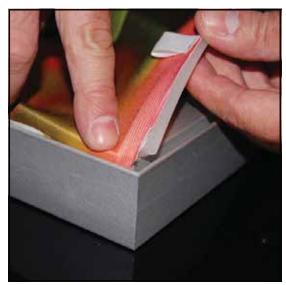

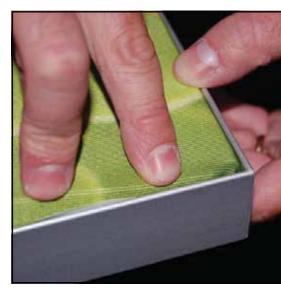

All knobs must be tightened securely to ensure a proper connection.

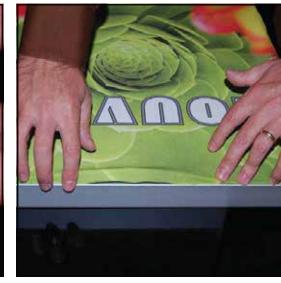

It is important to first insert graphic into each alternate corner then to the sides of the frame. If this is not done, graphic will not fit into the frame correctly.

Step 1
Insert corner A. Turn edge of graphic so silicon welt is perpendicular to face of graphic. Insert narrow side of welt with fabric to outside into the channel. Repeat for other side of this corner.

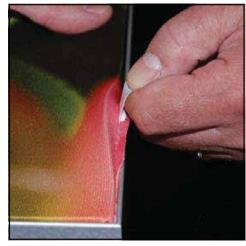

Step 2
Repeat Step 1 for opposite corner C, then insert corner B, followed by corner D, to complete the installation of the corners.

Once all corners are inserted, press one silicon edge into channel from corners and work toward the center.

Make sure welt is fully inserted into channel. Continue until all sides are done. Smooth out edges of graphic.

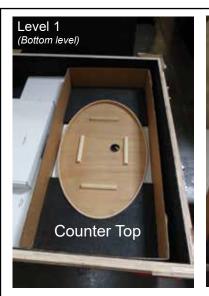

**Graphic Removal** 

To remove the graphic from the frame, locate the fabric pull tab. Gently pull up on the tab to remove the fabric.

### **Backwall Assembly**

Steps:

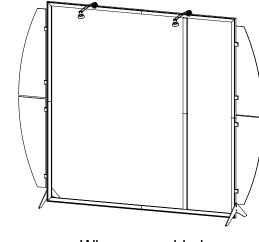

tem	Qty.	Description
1	1	46"h TSP46 Vertical Extrusion w/ A10 clamps
2	1	46"h TSP46 Vertical Extrusion w/ A10 clamps
3	1	46"h TSP46 Vertical Extrusion w/ A10 clamps
4	1	46"h TSP46 Vertical Extrusion w/ A10 clamps
5	1	46"w TSP46 Horizontal Extrusion
6	1	46"w TSP46 Horizontal Extrusion
7	1	46"w TSP46 Horizontal Extrusion
8	1	46"w TSP46 Horizontal Extrusion

43.209"h Z45 Vertical Extrusion

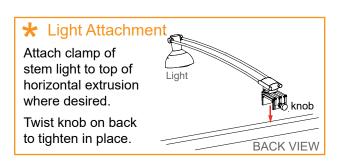

43.209"h Z45 Vertical Extrusion

## Refer to the Tool-less Frame Assembly general information page.

- 1) Assemble extrusion [1-2], [3-4], [5-6], [7-8], [9-10] together using straight connectors.
- 2) Connect vertical assemblies [1/2], [3/4] between horizontal assemblies [5/6], [7/8] using corner connectors.
- 3) Install Boomerang Feet to sides of assembly. See Boomerang Foot Attachment detail.
- 4) Lift up frame; attach verticals [9/10] between horizontals using Connection Lock w/ Knob.
- 5) Apply SEG graphic to front of frame. See the SEG Installation general information page.
- 6) Connect Wings to A10 clamps on vertical extrusions. See A10 Clamp Attachment detail.
- 7) Attach lights to top of frame. See Light Attachment detail.

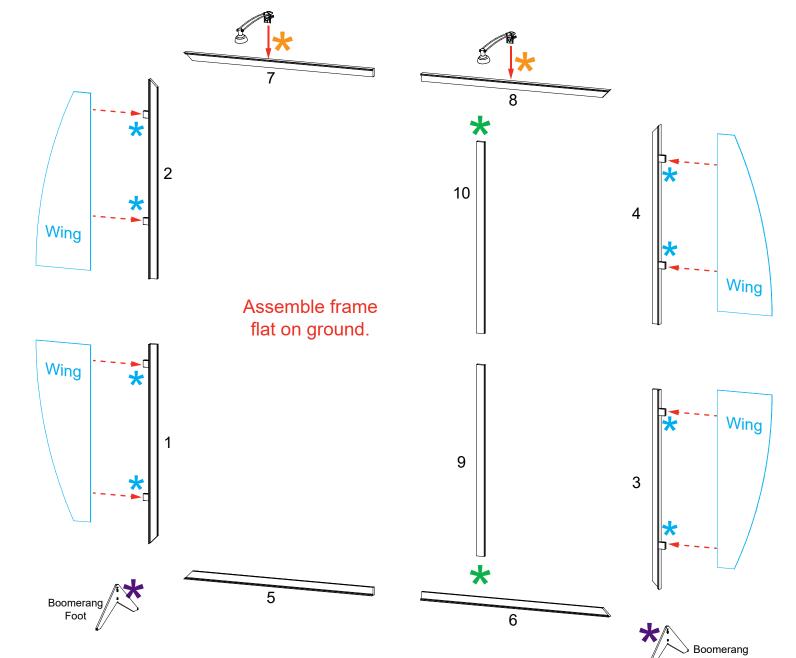

When assembled

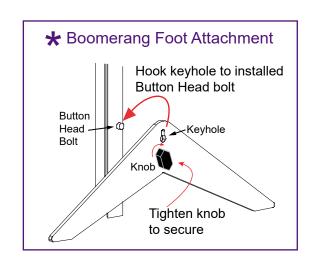

A10 Clamp Attachment

Screw A10 clamp to Vertical Extrusion.

**Boomerang Foot** 

Tighten knob to secure Wing in place.

Clamps should NOT

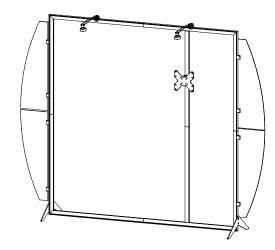

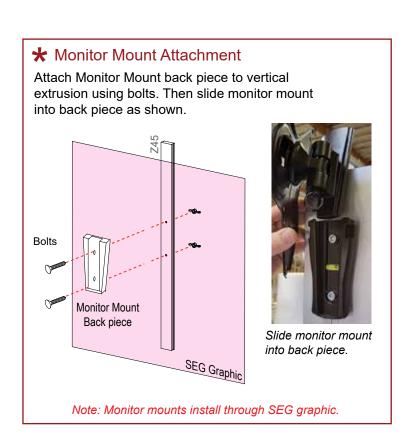

### **Monitor Mount Attachment**

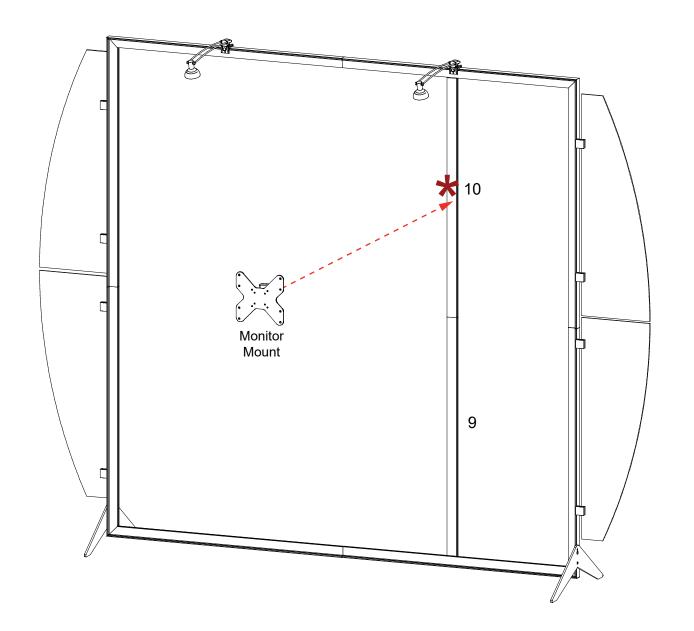

#### Steps:

1) Connect Monitor Mount to vertical assembly [9/10]. See Monitor Mount Attachment detail.

Completed Assembly

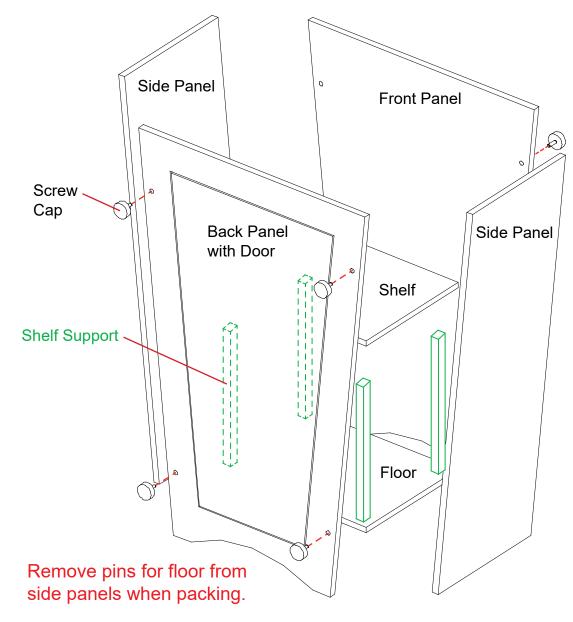

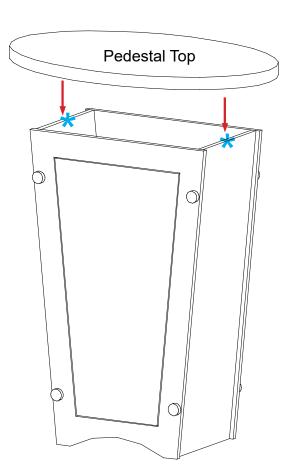

## **LTK-1001 Counter Assembly**

#### Setup Instructions:

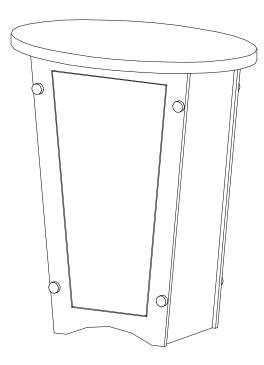

- 1) Attach pins at bottom interior of side panels. Note: Pins are designed to be slightly angled.
- 2) Use screw caps to secure the side panels to front panel and back panels, making sure Velcro is facing inward.
- 3) Slide floor into the bottom of assembled pedestal base. The floor will sit on pins of the side panels.
- 4) Connect shelf supports to Velcro on panels, then place shelf on top of supports.
- 5) Attach pedestal top to assembled pedestal base. See Pedestal Top Attachment detail.
